ADNOC Schools

Admission & Registration Policy

The process outlined below shows the steps administered by ADNOC Schools Admissions and Management.

2.1 Communications:

- **Printed communications:** Brochures and flyers are available in the reception area and admission office.

2.3 School Tours:

ADNOC Schools values the importance of visiting and touring a school before making the decision to enrol. We encourage all future students and their parents to visit our school campuses to meet with a member of our school leadership team or a representative from our Admission Team, and potentially meet with some of our senior high school students. A school tour is highly recommended for parents and potential students to learn more about our school's culture, the courses we provide in addition to the extra-curricular activities, and the school facilities.

- To book a visit, please contact our Admissions Team via the [Contact Admissions Form](#) and a member of our team will contact you to agree on a mutually suitable time and date for you and your family to visit the school.
- A Virtual Tour is also available online on our school website. [Click here](#) and enjoy visiting our campuses online.

2.4 ADNOC Schools Enrollment System:

➤ What is Enrollment System?

ADNOC Schools new enrollment system (PowerSchool) is an online system that combines all activities involved in the entire enrollment process and integrates them into the system. The overall objective of the enrollment system is to help the admissions team to enroll students efficiently. The new enrollment online system (PS) is effective and user-friendly as it facilitates in keeping records and in generating reports. The online system also assists in the process of entering and verifying student data. All information will be kept securely in a database that will help minimize issues such as loss of records.

➤ Why do we need it?

One of the current effects of strong competition from institutions is the growing need for schools to enhance systems to better serve applicants' queries and concerns. This is where enrollment systems come into play: simplifying and accelerating student enrollment.

ADNOC Schools Enrollment system consists of different stages:

➤ Online Application:

The admissions team processes more than 1500 applications per year. Parents can apply for a place at one of the ADNOC Schools campuses with easy steps via the [Online Application Form](#) which is the first step of the enrollment system. After applicants hit "submit," a comprehensive, research-based review begins. To help manage the volume of applications, as well as the expectations of applicants for status updates, the admission team will adopt a series of efficiencies:

- **Proactive Outreach:** Parents receive an email notification alert with their application status.
- **Projection:** High-level statistical analysis is run so that we can predict the exact number of students to admit and meet the enrollment target.

ADNOC Schools

Admission & Registration Policy

Online Application Process

STEP 1: Once admission is open (November), parents/guardians can access and complete the form through the school website.

STEP 2: Upload a copy of the child's passport or Emirates ID, and their report cards from their latest 3 years (if applicable).

STEP 3: Submit the application. You will then receive an automated submission notification email.

➤ Admission Priority:

Places are offered on the following order of priority:

- Siblings of current ADNOC Schools' students.
- Children of ADNOC Schools staff.
- Transferring students from another ADNOC Schools' branch: Parents must inform the Admissions team in their current branch to proceed with the transfer process.
- Children of employees within the ADNOC group.
- Former ADNOC Schools students wishing to return.
- Children of former ADNOC Schools students.
- All other students meeting admission requirements.

➤ Waiting list:

If the number of applicants exceed the number of seats available during the selection process, a notification email will be sent to parents. Priority for school places will be given to the siblings of current ADNOC Schools' students, second priority is for first come basis. If a place becomes available, parents will be contacted immediately. If a student is selected and the applicant failed to attend the entrance interview or assessment, the application will be returned to the waiting list. Applications on the waiting list are not automatically moved to the next academic year and applicants are advised to reapply for each year.

➤ Age-appropriate (as of 31 August):

- **KG1 – Grade 1:** The age of the child on August 31st:

Grade	Minimum Age on 31 st August	Date of Birth for AY2025/2026
KG1	4 years	1 st September 2020– 31 st August 2021

Admission & Registration Policy

➤ Entry Assessments and Requirements:

If places are available, the Admissions Team will request initial documents to plan for the applicant's entrance assessment. The purpose of the assessment is to evaluate the skills of your child and, in the case of younger children, assess school readiness and level of maturity. The assessment will provide a basis for the school to identify any support or intervention deemed necessary.

The school cannot accept a child for enrolment until the entrance assessment is conducted, to ensure that we are able to provide an appropriate program for his/her needs.

Required documentation for the assessment:

- Applicant's passport copy or Emirates ID (uploaded in online application)

- School Recommendation letter filled by current school.

Failure to submit the required documents within 10 days from receiving the first official call/email from the Admissions Team, is grounds for ADNOC Schools to cancel the application. Should this happen, the application will be placed on the Waiting List. - **Assessment Criteria:**
- **KG1 and KG2 Students:** Are invited to attend an Early Learning Interview. The purpose of the interview will provide a basis for the school to assess school readiness and levels of maturity. Section 4: Others

1. School Uniform

The ADNOC Schools believes a safe and disciplined learning environment is the first requirement of a high performing school. The implementation of school uniforms will help minimize disruptive behavior, promote respect for oneself and others, build school/community spirit, and, more significantly, help to maintain high academic standards. The school leadership also feels that wearing of uniforms by students will help lessen the impact of socioeconomic differences. In addition, it allows for identification of intruders on campus and encourages students to concentrate on learning rather than on what they are wearing.

School Uniforms can be purchased at Magrudy's Stores located in Forsan Central Mall or online.
